

# EVTM CONFERENCE

Endovascular techniques  
for surgical bleeding and trauma

June, 7 2019, Saint-Petersburg, RU

## PRELIMINARY PROGRAM

### SESSION 1. PLENARY SESSION

**Chairs:** Viktor Reva (RU), Tal Horer (SE)

**Panel experts:** Leonid Kokov (RU), Todd Rasmussen (US), Igor Samokhvalov (RU), Sanjeewa Munasinghe (LK), Pavel Brusov (RU), Michael Engelhardt (DE)

- 9.00-9.20 **L. Kokov (RU)** Endovascular surgery in emergency medicine  
9.20-9.35 **V. Soroka (RU)** Endovascular surgery for trauma. Statistics in RU and St.Petersburg  
9.35-09.50 **A. Goes (BR)** Trauma and bleeding: I choose OPEN  
09.50-10.05 **Y. Matsumura (JP)** Trauma and bleeding: I choose ENDO  
10.05-10.20 **T. Rasmussen (US)** Open and endovascular surgery of combat vascular injuries  
10.20-10.35 **T. Horer (SE)** EVTm concept  
10.35-10.50 **J. Manning (USA)** Endovascular Resuscitation: what, how and why?  
10.50-11.05 **A. Ratnayake (LK)** Vascular Injuries and Delayed Evacuation: Open vs. Endovascular surgery  
11.05-11.15 Discussion  
**11.15-11.35 Coffee break** Poster session (short 2-min talks in poster area)

### SESSION 2. DIAGNOSTIC TOOLS

**Chairs:** Igor Zheleznyak (RU), Junichi Matsumoto (JP)

**Panel experts:** Viktor Savello (RU), Yosuke Matsumura (JP), Juan Duchesne (US), Takahiro Kinoshita (JP), Anatoly Zavrzhnov (RU)

- 11.35-11.45 **TBA** Diagnostic angiography for trauma: is there still a room for it?  
**CT IN SEVERE TRAUMA**  
11.45-12.00 **V. Savello (RU)** CT for acute chest and abdominal injuries: with contrast or not?  
12.00-12.15 **I. Zheleznyak (RU)** CT in suspected major vascular injuries  
12.15-12.30 **J. Matsumoto (JP)** PRESTO concept for trauma  
12.30-12.45 **G. Oosthuizen (ZA)** PRESTO? Forget it! It's not for us!  
12.45-13.00 **T. Kinoshita (JP)** Hybrid shock room - a new era for trauma surgery  
**13.00-14.00 Lunch** Poster session (short 2-min talks in poster area)

### SESSION 3. VASCULAR ACCESS AND REBOA

**Chairs:** Boris Kessel (IL), Viktor Reva (RU)

**Panel experts:** Laura Moore (US), Dmitriy Kanduba (RU), Lauri Handolin (FI), Vladimir Soroka (RU), Yosuke Matsumura (JP), Vladislav Zubritskiy (RU)

#### VASCULAR ACCESS IN TRAUMA

- 14.00-14.10 **S. Nedomolkin (RU)** VA and invasive BP monitoring for severe trauma: Yes or No?  
14.10-14.20 **D. Eefting (NL)** ... Only IR can do  
14.20-14.30 **L. Handolin (FI)** ... Everyone can do

#### ENDOVASCULAR SURGEON IN A SHOCK ROOM

- 14.30-14.45 **V. Suvorov (RU)** ... Of course, I will call him  
14.45-15.00 **G. Oosthuizen (ZA)** ... Don't need him

## VASCULAR TRAUMA

- 15.00-15.10 **B. Kessel (IL)** ... General surgeon's view  
15.10-15.20 **P. Ivanov (RU)** ... Orthopedic surgeon's view  
15.20-15.30 **V. Soroka (RU)** ... Vascular surgeon's view  
15.30-15.40 **M. Maslennikov (RU)** ... IR's view

## REBOA FOR TRAUMA

- 15.50-16.00 **L. Moore (US)** REBOA is coming to Russia: how to start and why?  
16.00-16.10 **G. Shaked (IL)** ... REBOA technique and our experience  
16.10-16.20 **TBA** ... Training  
16.20-16.30 **TBA** ... Who performs? - Vascular/IR  
16.30-16.40 **E. Gamberini (IT)** Who is in charge for REBOA placement?  
16.40-16.50 **T. Horer (SE)** REBOA for rAAA  
16.50-17.00 **E. Sovik (NO)** REBOA and EVTm in post-partum hemorrhage  
17.00-17.10 **O. Ryazanova (RU)** REBOA for placenta ac/in/percreta. A single-center experience  
17.10-17.20 **Y. Matsumura (JP)** REBOA for unstable patient  
**17.20-17.40 Coffee break** Poster session (short 2-min talks in poster area)

## SESSION 4. ENDOVASCULAR HEMORRHAGE CONTROL

**Chairs:** Alexander Savello (RU), Pirkka Vikatmaa (FI)

**Panel experts:** Federico Cocolini (IT), Amila Ratnayake (SRIL), Adenauer Goes (BR), Laura Moore (US)

## ENDOVASCULAR HEMORRHAGE CONTROL

- 17.40-17.50 **P. Vikatmaa (FI)** ... Blunt cerebrovascular injuries and neck trauma  
17.50-18.00 **S. Munasinghe (LK)** ... Delayed presentation of vascular injuries in war wounded and it's endovascular management  
18.00-18.10 **G. Magee (US)** Traumatic aortic injuries: current approach and future techniques

## EVTm IN

- 18.10-18.20 **A. Ierardi (IT)** ... non-operative management  
18.20-18.30 **L. Handolin (FI)** ... juxtahepatic bleeding  
18.30-18.40 **F. Cocolini (IT)** ... pelvic bleeding  
18.40-18.50 **TBA** ... GI bleeder  
18.50-19.00 **A. Goes (BR)** ... urological/gynecological bleeding tumors  
19.00-19.10 **TBA** Temporary endovascular shunting and other advanced technologies  
19.10-19.20 **London Air Ambulance (UK)** Prehospital endovascular interventions  
19.20-19.30 **D. Shelukhin (RU)** ECPR  
**19.30 Discussion. Final remarks**
